

SC1 / ELX Empty / Load Equipment Testing

February, 2001

The test procedure for SC-1 Empty / Load Brake Equipment has been revised to Instruction Pamphlet 5039-4, Sup.8. Effective immediately, this supercedes the previous test procedure identified in Instruction Pamphlet 5039-4, Sup.1. See attached copy.

The test procedure for ELX Empty / Load Brake Equipment has been revised to Instruction Pamphlet 5229. This supercedes the previous test procedures identified in Instruction Pamphlets 5229-1, 5229-2, and 5229-3. See attached copy.

Please contact Tom Vayansky at 412-825-1356 for further information.
